Greetings to all homeowners from your new Board! We are excited to have the opportunity to serve the community.

We have scheduled a community Workday on Saturday May 14<sup>th</sup>. We will be targeting the front entrance, cleaning up the plants and re-mulching the island and the two areas on either side of the entrance. Please come out with your rakes, shovels, snips, wheelbarrows, and garden gloves if you can help. Our goal is to make the entrance to our community inviting.

Additionally, there are some diseased shrubs that need removal and lots of palmetto frons, in the scrub areas – further from the entrance – that need attention. If we have enough volunteers (and energy), maybe we can tackle some of this on May 14<sup>th</sup>. If not, we will figure out another day that we can work on this together.

The plan is to have some hamburgers mid-day and we will be setting up food and beverages somewhere in the neighborhood. If you can bring a dish or contribute to the lunch, please email us below.

We have volunteers for a Landscape Committee and over the next year we will be working on trying to figure how to get water to the common areas in a cost-effective manner and then we will budget for those expenses.

We have scheduled a Board meeting for June 9<sup>th</sup> to address The FPL Light Pole Conversion, a reserve account, Amendment Changes to Declaration and Bylaws and other important community issues. This will be a virtual meeting as described on the back of this newsletter and you can access by computer or phone. If anyone is unable to access in that format, please let us know.

We have created an email address for the association:

**[PreserveWildwood@outlook.com](mailto:PreserveWildwood@outlook.com)**. This will ensure that future Boards have access to communications and will ensure continuity for years to come. Please feel free to send your questions, concerns or suggestions to us at this email address and it will get to all three members of the Board, as well as being archived for the future. **For those who were not part of the original petition for change where we created an inner Home owners email discussion, we hope you will provide us with your email and phone number to keep you in the loop in our emails.** We are looking forward to seeing some of you next Saturday and working with all of you over this coming year.
