Greetings to all homeowners. We are excited to have the opportunity to let all homeowners know our progress since the last Newsletter.

We now have all the light poles straightened and changed to the new LED lights and we hope everyone likes the brighter look.

We have now completed the new look for the front entrance and hope everyone likes the new appearance it gives off to the community. We are still working on the installation of the sprinklers on the front side mulch areas and hope to have it completed by next summer.

The update on the crosswalk is that the county has to acquire property from private property owners to put the crosswalk in. The board will continue to encourage the county to proceed with the project to ensure safe passage across Wildwood Drive to Treaty Park.

We have received our governing documents review changes from our attorney who has reviewed all the changes and a vote by mail will be coming soon to all the home owners for finalization.

Our next scheduled board meeting is **September 18, 2023**. All those who cannot attend we encourage to dial in and join the meeting at the listed link in this news letter or via our website at [www.preserveatwildwood.com](http://www.preserveatwildwood.com)

Your Board Of Directors

### **A Friendly Reminder**

Please pick up your pet waste and dispose of properly. Also, county law states that pets (dogs & cats) that are not contained in your home or fenced yard must be leashed. This protects other people, pets and property.
